REMARKS

This responds to the Office Action mailed on August 19, 2009.

Claim 20 is canceled and claim 33 is added. With no claims being amended, claims 21-33 are now pending in this application.

In claims

New claim 33 is added. Support for the new claim can be found in canceled claim 20. No new matter has been introduced by way of this amendment. The new claim 33 uses dynamic binary translator of allowed claim 21 to translate source code instructions extracted to a precompiled template into equivalent target instructions of a code of a target platform. Therefore, new claim 33 should be found allowable and such action is respectfully requested.
